Prayer for the Feast of the Assumption
 Bless us as once you blessed Mary,
 O God, with faith and trust in you. Amen
 Bless us as once you blessed Mary, O God,
 with compassion for others. Amen
 Bless us as once you blessed Mary,
 O God, with fidelity to Christ's message of love.

Source: 'Intercessions of Mercy', Joy Clough rsm

Next Tuesday is the Feast of the Assumption. All students will be attending Mass on Tuesday as this day is so important that the Church declares it as a Holy Day of Obligation. It is so important because according to our faith, the Holy Mother, "having completed her course of her earthly life, was assumed body and soul into heavenly glory" (Pope Pius).

Please feel free to join us at one of our three Masses at the college or at one of the Parish Masses also on Tuesday.

Out of School Hours Care Service

After much deliberation and discernment the college Board has decided to not continue our formal OSHC service in 2018. The need for this service has dropped steadily to the point it is simply not a viable service. The college is meeting with the small number of impacted parents to gauge their needs for some form of simplified service for the future, if at all. The final day for our OSHC in its current format is Friday Dec 15, 2017.

Year 12 Research Project Results

Another outstanding range of results for our Year 12 Research Project students. This compulsory aspect to a student's SACE is coordinated and taught to a very high level at Samaritan with the majority of our students in the A band of grades and significantly above the average for the State.

Well done Year 12s and well done to their teachers.

 DAMIEN JUDD

PRINCIPAL

Term Three is the term when the Human Sexuality unit of our Made in the Image of God (MITIOG) program is taught. A letter explaining what we teach can be found on our website with links to the curriculum content of this statewide Catholic program. There are many myths around what Catholic schools do and don't teach in regard to Human Sexuality and it is worth taking the time to look at what the course actually entails for your child's age group. The letter also outlines who to contact should you have any further questions.

We recently posted on our Facebook page a reminder that at any stage during the year, especially in winter, we may have students diagnosed with influenza. We do find that there are occasions when these students have been sent to school even though they are clearly ill. When the illness is communicable, such as flu, it is vital that the student remains at home until there has been no fever for at least 24 hours.

can admire and try to display themselves as they grow in the life of the church and their communities.

The Saints 'point' us in the direction of a life with Jesus. We can use their example to discern how we can try to live as Jesus teaches. Many Saints are described as faithful, giving, sharing, loving, patient, honest, kind and so on. It is these qualities that we try to demonstrate in our own lives and we ask the Saints to show us how this can be done.

As the Saints lived their lives, they went out into the ordinary world and became the hands, eyes and mouth of Christ. They carried out their work of love, justice and faith with their hearts set firmly on the will of God.

Happy Feast day everyone.

Bernie Meixner
ASSISTANT PRINCIPAL IN RELIGIOUS IDENTITY AND MISSION

Parish News

I heard of one of our students who, for his birthday party, requested that his guests bring a donation for Project Compassion, instead of a birthday present. A month later another student similarly transformed her birthday into an expression of the kingdom of God by asking her friends to bring a present for St Vincent de Paul Society to give to children of needy families.

In another parish on supply duties recently, I listened to some parents talking in disparaging terms about the – as they thought - inadequate material resources of the local Catholic school. "What do you get for your money?" one commented, as the other agreed.

It dawned on me that this is precisely the reason we have a Catholic school in our communities. As followers of Jesus Christ, we owe it to the parents in each community to provide them with an option. What sort of human being do you want your child to grow up to be? Is the extent of one's material possessions the criterion for a fulfilling life? Or would we like our children to grow up as compassionate people, who understand material goods as an opportunity to share with the needy? Would we prefer that our kids develop into people who trust in God's love and grace, or who find meaning in having lots of stuff? What would you rather have, when this life is ending – lots of things, or a

strong friendship with the God of life?

"Happy are they who trust in the Lord", says the psalmist. Happiness in the scriptures is associated with wisdom. On Tuesday we will celebrate the Solemnity of the Assumption of Our Lady. In both the Catholic and Orthodox traditions, there is no record of the death of Mary, the mother of Jesus. With the Christians of the Orthodox tradition, we revere this woman, the first to be moved by the Holy Spirit in the New Testament. Mary manifested true wisdom by accepting what God asked her to do, in becoming the Mother of the Word of God. In the feast of the Assumption, we reflect on the awesome power of God. God used Mary to help us understand how the power of the Resurrection would be applied, for all who happily place their trust in God, rather than in material things. I'm glad that "Wisdom" is part of our College motto!

Fr Jim Monaghan
ON BEHALF OF THE PARISH TEAM

WEEKEND MASS TIMES			
St Teresa's Church		Our Lady Help of Christians Church	
Saturday	6:00pm	Sunday	10:30am
Sunday	8:30am	Sunday	5:30pm

Religious Dimension

This week there are two important events which contribute to the Catholic School identity of Samaritan College.

The first fell on Tuesday, August 8 with the Feast of Saint Mary of the Cross MacKillop. Saint Mary of the Cross was a religious woman who dedicated her life to the service of God. She carried out her ministry by educating the poor and addressing the needs of women in difficult situations. She had a vocation that was inspired by the teaching of Jesus and a love of God. Mary looked at her world and saw where things needed to be done and worked for justice and dignity. Along the way many other women were inspired by her work and joined the Religious Sisters of Saint Joseph. We know them affectionately as the Josephites.

On the August 15 our school and all the schools in

our diocese will celebrate the Feast of the Assumption of Mary, Mother of Jesus. In Whyalla we use the title of Mary, Help of Christians and in other parts of the world Mary is given many different titles. Ex Saint Teresa's students may remember Our Lady of Fatima, Our Lady of Lourdes and Our Lady of Mt Carmel. Before Samaritan College these were the names of the St Teresa's sports teams. Our Catholic tradition is that we pray through Mary and ask her to take our needs or petitions to God on our behalf (Help of Christians).

Mary's acceptance of God's will to be the Mother of God Incarnate, her devotion to Jesus and her unyielding faith make her a beautiful example for all.

Many Year 7 students will begin their preparation for the Sacrament of Confirmation this week. These two feast days will help these students identify qualities that they

On Tuesday we celebrated the feast day of St Mary of the Cross MacKillop. A nun of great compassion, Mary MacKillop is an example of great courage and trust in God, as she cared for those in need.

In our busy lives let's take a moment to recall and give thanks for a person who has shown us the compassionate face of God.

"O God, source of all goodness, who have shown us in Saint Mary a woman of faith living by the power of the Cross, teach us we pray, by her example to live the Gospel in changing times and to respect the dignity of and show compassion to all in our land. Amen"

Building Development 2018

We are very pleased to inform families that the proposed building plans are on display in the front office windows at both campuses. Please take the time to have a look at the exciting new developments.

Uniform

As we settle into the term parents are reminded that hair longer than collar length and / or falling across the face must be tied back. Hair management devices are required to be plain blue, gold, white, black or green.

When wearing the sports uniform students are required to wear the college white sport socks with the initials. Students may wear tracksuit pants or shorts in winter. Further information regarding uniforms is available on the website, the diary or through the front office.

State Representative

Congratulations to Daniel Hanley who won the U12 State 8 Ball championships on the weekend. We also congratulate Jace Hanley who was runner-up. At 6 years of age, Jace is the youngest ever state representative. Daniel and Jace will now represent South Australia in a National Competition in Adelaide in January 2018. This is the first time that brothers will be representing the state in this competition. Congratulations Daniel and Jace.

SAPSASA Athletics Carnival Try Outs

The SAPSASA athletics try out will take place on Friday 1st September as part of the Whyalla District Athletics Carnival at Jubilee Park. Parents who wish to nominate their child for an event please contact the front office to request further information. Parents please note as this is not a school carnival, transport to and from Jubilee Park and supervision on the day is a parental responsibility.

5/6 Support Crew - Ninja Warrior Course

As you would be aware our senior students are regularly rostered on as 'Support Crew' in the yard at recess and lunch time. As the title suggests, the students are in the yard to support their peers with minor problems, concerns or to simply lend a helping hand. After feedback from students, this term we have extended their role. The Support Crew now coordinate activities for students from Reception – Year 3 on one day of their weekly roster. In recent weeks we have seen skipping activities, games and the very popular Ninja Warrior course. We acknowledge our senior students and thank them for coordinating this new initiative. By the feedback below it is clear that the students young and old are enjoying the activities.

We had lots of fun designing a variety of games for the Junior Primary children. The children were very respectful and thankful that we organised it. Our lunch time was lots of fun playing with them and they all followed the rules, which made the games fair and fun. We really enjoyed spending the time with the children and it is definitely something we want to do every week.

Max, Micky, Josh, Stephans

On Wednesday at lunch some big kids from 5/6 organised some fun activities at lunch. They were so much fun and I can't wait to do it again next time.

Saxon

I had so much fun with the older kids. I liked their games especially Grandpa and the hoop game. At the end I said 'thank you' and I told them that 'I had so much fun'.

Emily

"I liked the crossing things"

Xavier

"It looked cool"

Maddison

"I liked the tunnel and turtles"

Wil.

On Thursday of Week 2 the student Support Crew setup a Ninja Warrior course on the top oval. It was for the R/1s and 2/3s. We made two separate courses. One for the R/1s and one for the Year 2/3s. The obstacles were hurdles, tunnels, stepping stones, baton run, jumping ball and a mat leap. The course provided a good challenge for everyone and they were required to use the skills of jumping, speed, agility and balance. All the children that participated had fun and were very good sports. The children are looking forward to the next lunch time game!!!

Grace Andrew and Summer Beaty

Above: students enjoying the Support Crew's Ninja Warrior Course

Book Week

Dust off your costumes or get your brightly coloured clothes ready - the Book Week parade is not far away!

With a theme of an 'Escape to Everywhere' campuses will celebrate Book Week with an array of activities and celebrations. Students will have the opportunity to escape to the beach, the bush, to space and even escape from a room!!

Assemblies celebrating Book Week will be held throughout the week.

4/5 Baverstock will lead the assembly at STC on Wednesday 23rd August at 2:45pm.

1/2 Gurnett/Raymond will lead the assembly at OLHCC on Thursday 24th August at 12:30pm.

The Book Week parade will take place at 9:00am on Wednesday 23rd August at STC and 9:00am on Thursday 24th August at OLHCC. Students are encouraged to come dressed to reflect the theme or as their favourite book/character or in brightly coloured clothes.

Throughout the week the senior students will be facilitating lunch time activities in the library and around the campuses. Classes will also participate in buddy class activities relating to the Book Week texts.

Photo Day

Photo Day is approaching, scheduled to take place in Week 7 with OLHCC on Tuesday 5 September and STC on Thursday 7 September. Envelopes for ordering school photos with cash or cheque will be made available to families in the coming weeks. This will need to be brought to school on the day your child's photo is taken. Online ordering is available and preferred (see details about online orders in the College News section).

This year we are moving back to a traditional style class photo (in rows on benches) to complement the portrait photo

that is taken of all students. In order to ensure the success of this approach we ask families to prioritise attendance on these three photo days. Students who are away on photo day will simply be listed as 'absent' but unfortunately cannot be included in the class photo. Catch up days will be available for portrait photos. Students will need to wear their winter uniform and abide by school expectations regarding hair, jewellery and general grooming such as wearing the correct socks and polishing shoes. Those students who have PE lessons will need to wear their winter uniform and bring their sports uniform to change into prior to their lesson. Sibling/Family photos are available - we will provide more information about times at each primary campus in the next newsletter.

SRC Presentation

As part of our assemblies this week the Semester 2 Student Representative Councils will be formally presented to the school community and receive their SRC badges. Congratulations to these students on being recognised as leaders amongst our Samaritan Community.

STC LIBRARY MANAGER

Secondary Campus News

Secondary attendance hotline: 0473 989 587 - TEXT messages only, otherwise please phone 8645 8568.

Please follow up phone calls with a diary note to the caregroup teacher.

SJC: Saint John's Campus

As John Lyons is enjoying the great outdoors this week on Murray Venture you may notice a different name at the bottom of today's Secondary News.

Despite it only being Week 3 of the term, there's lots to celebrate. Congratulations to all school netball and basketball teams in recent carnivals. Not only do we have immense sporting talent but our students are continually applauded for their attitude, positive behaviour, support for each other and sportspersonship. You are great ambassadors for our school.

Over the next few weeks Education Evenings for specific year levels will be conducted, commencing last week with Year 10. We were particularly pleased with and appreciative of the turnout of parents and students as they move towards their senior schooling. Subject counselling will begin later in the term in an effort to consolidate secondary pathways. This week a Year 12 SATAC Information Evening was attended by parents and students in order to help them familiarise themselves with the process of applying for university and TAFE for 2018. This is the beginning of an exciting transition time for our most senior students, and possibly confusing and overwhelming. Feel free to contact the school with any questions or concerns so we can hopefully assist in making this as smooth as possible.

Year 11 Education Night - Tuesday August 15 at 7.30

Year 8 Education Night - Wednesday August 30 at 7.30

Last week also included a significant number of students undertaking a Mathematics Competition, several classes attending our local university for UniSA Connect STEM activities and our senior Art and Italian classes on excursion to Middleback Theatre to view a documentary on Michelangelo.

Braving the brisk overnight temperatures and crisp winter days our Year 10 girls. With Mr Lyons and Mrs Smith currently discovering the joys and challenges of the Murray Venture. Meanwhile our Year 10 boys are experiencing the world of employment while on Work Experience.

This term we have a range of events including soccer and basketball carnivals, Year 7 rugby, The Sydney Dance Company running a workshop, a junior hockey carnival, a girls mathematics excursion, Women in STEM (science, technology, engineering and mathematics), Flinders University Assessment Centre sessions for our Year 11s, a number of classes being surveyed by the Cancer Council as part of a national survey, school photos, VET presentations and a large display of the work undertaken by Year 9 students during our Saltmarsh integrated unit. This display will be in the foyer of the theatre and showcases the work of Year 9s in the curriculum areas of Science, Mathematics, English, Religious Education and Art. We will also be facilitating the return of several student teachers from UniSA who will be completing a 4 week block.

This week MacKillop House held an assembly to acknowledge and celebrate the Feast Day of their patron, Mary MacKillop. Several teachers, ESOs and students were presented with certificates of recognition for embodying the spirit of Mary MacKillop's ideal of "never see a need without doing something about it".

All in all this is shaping up to be a dynamic term.

As mentioned school photos will be taken in a couple of weeks (6th of September). This year we will have the more traditional 'sports team' style photo where all students in the class will be in the single shot. This means students will be expected to be in full winter uniform, appropriately groomed and presented. This could be the time to polish those school shoes, attend to haircuts and find that missing school tie.

Over this term several small SRC events will be offered to either raise money or awareness of our school charities. Some quizzes in morning notices will also gain House points for the Guidera Cup awarded at Prize Night.

Careers News

Have you read the latest Careers News? If not, you've missed out on:

- Ex-scholar Stephanie Foran's triumph over adversity
- Work Experience reviews by Year 10 students Rivva Norman and Hayley Jones
- Information on the Be a Job Maker program
- Opportunities to be an engineer for a week, gain a dental traineeship or be selected for the Indigenous Australian Engineering Summer School
- The Record My Hours App
- The latest edition of the Australian Jobs guide
- Job opportunities for law graduates

Careers News is produced fortnightly. Hard copies are made available to students in Year 10 - 12 and an e-version can be accessed through the Samaritan website.

Year 11 Semester 2 Assessment Planner

Year 11 students received their Semester 2 Assessment Planner yesterday, outlining the due dates for the next 13 weeks or so. Spare copies are available from the Library and parents can access copies via the school website.

Congratulations Year 12s

Congratulations to our Year 12s (all 82 of them!) who successfully completed the Research Project. Our Research Project results have always been very strong, and this year was no exception with 41 of the cohort achieving in the "A" band, which is a marvellous achievement and well above the state average. Particular mention must be made of Lachlan Coathupe, Mia Hall, Riley MacDiarmid, Holly Stainer (photograph included in this newsletter) and Jason Wong who all earned an A+. The five Research Project teachers must also be recognised for their efforts throughout the semester.

Tanya Gibson
DIRECTOR OF TEACHING AND LEARNING

SPORTING ACHIEVEMENTS

In Week 1 Term 3, our Open Boys and Girls basketball teams travelled to Port Augusta to participate in the Far North/Eyre Peninsula regional tournament. They played against teams from Roxby Downs Area School, Port Augusta Secondary School, Caritas College and Edward John Eyre. Both teams were very successful during the day, going through the tournament undefeated and bringing home the two flags.

A big thankyou goes out to Mr Peter Usher for his planning and organisation, Pip Smitheram for coaching the girls team, the students who displayed outstanding sportsmanship and skill, our umpires and scorer in Jaylee Daniels, Dillon Coathupe and Emily Shiell. The two teams were unfortunately not nominated to continue onto Adelaide, much to the relief of their prospective opponents.

Mr Baker
RICE HOUSE COORDINATOR

College News

This term our teaching staff will be delivering the human sexuality and child protection aspects of our Made in the Image of God program.

For more information please visit our website or contact Mr Bernie Meixner (APRIM) or your child's Religious Education teacher.

Please refer letter below

Made in the Image of God - Human Sexuality Program Keeping Safe - Child Protection Curriculum

Dear Families,

Made in the Image of God is the mandated Human Sexuality program for South Australian Catholic Schools. This program has four learning areas in which the students in Catholic schools investigate aspects of human relationships.

The areas of learning are Being Human, Being Sexual, Being Moral and Being Connected.

In Term 3 the focus area of learning is Being Sexual. The content of the Being Sexual Unit for each year level varies depending on the age of the students and the Year Level they are in. If you would like more information about specific topics for your child's Year level, please contact me or your child's RE teacher.

The topics in the Being Sexual unit are taught in a manner that promotes and encourages behaviours founded on Catholic values. This is achieved by exploring the spiritual, physical and moral dimensions of human sexuality and developing an appreciation of the Catholic Church teaching regarding sexuality which is a gift from God.

This term in conjunction with the Human Sexuality program the college will be delivering the **Keeping Safe-Child Protection Curriculum**. This program is also required to be taught by schools in South Australia and is designed to help children, in conjunction with responsible adults, remain safe in their community.

The areas of learning in the Child Protection Curriculum are **The Right to be Safe, Relationships, Recognising and Reporting Abuse and Protective Strategies**. This term the focus area for the Child Protection Curriculum is **Recognising and Reporting Abuse**.

The themes that are explored in the topic of Recognising and Reporting Abuse include;

Recognising Abuse
Identifying Abuse and Neglect
Electronic Media

Issues about privacy, secrets and trust are also explored so as to keep children safe. Again the topics and the language used by teachers are tailored to suit the needs of the children in a particular year level and taught with respect and diligence.

If you have any queries or concerns regarding the teaching of the Being Sexual component of the Made in the Image of God program or the Child Protection Curriculum, do not hesitate to contact your child's teacher.

Bernie Meixner
MITIOP Key Teacher

advancedlife
school photography & print specialists

Our school photos will be taken on the 5th, 6th & 7th September 2017

For the convenience of our school community, school photos can be ordered and paid for online using a secure online platform. Orders placed online DO NOT require an envelope, cash/cheques or paperwork returned to school.

Envelope Orders: photos can also be purchased in the traditional manner using an envelope, with cash/cheque enclosed.

The preference of our school is that orders and payments be made online, as this reduces the administration and associated security issues related to the return of cash & envelopes on photo day.

To place your order visit www.advancedlife.com.au and enter the code **H9K 8GE 7BV**. This code can also be found printed on your envelope. Please be aware that:

- * Sibling/Family Photos can be ordered online or via envelope. To ensure a smoothly run photo day, online orders for Sibling/Family Photos will be cut off at 12.00 a.m. the night before our photo day to allow a list of students that require Sibling/Family Photographs taken to be compiled. Sibling photos can still be ordered after the online cut off date by collecting an envelope from the office and returning the envelope on photo day with your payment enclosed.
- * All online orders should be placed on or before our day of photography.
- * The online code above may also be used to order other group photos.

All orders placed online will be delivered to the school for collection
