

Urgently needed Volunteers!

Wanted! Expressions of Interest for volunteering for our **LAP Program** at either OLHCC or STC or both.

If you have an hour or more free to spare each week (not necessarily on the same day) and you are interested in working one on one with a child from either of our primary campuses I would love to hear from you.

It may be to sit and listen to a child read, craft skills, outdoor activities, cooking, helping with organisational skills, maths, computing, listening to a child and the story they have to share with you, or any other things that will benefit them. Then LAP could be for you! Current Police Checks will be necessary before commencing and can be organised through the front office of any of the three school campuses.

The time that is given is so valuable to the children that receive it and to volunteers as well. The rapport that is built between each other over time is something that remains in the memory of the child and the volunteer for many years. You truly get to make a difference in the life of a child.

If you are able to help please contact me during school hours and I will get back to you.
